the Dewan has been pleased to record his remarks as follows on page 3 of the Office Note of the General and the Revenue Secretariat:-

"We may not ask the temple to make a contribution. "The one-third required may be made up between "the municipality and the temple".

The Deputy Commissioner was accordingly requested by the General and the Revenue Secretariats to the effect, and he has replied in the affirmative.

The Dewan's remarks together with the File [illegible] in which received in this Office, I beg to state that the [illegible] temple, although a richly endowed one, has not [illegible] funds. Almost the whole of the annual Income of ₹20,000 is spent on the services, Establishments &c., in the temple, and only about ₹-1-0/- are left as savings in each year. The receipts from Kanikes, Kumbarabi &c. have amounted to a sum of ₹29,000/- but out of this sum, urgent repairs have been sanctioned for nearly 1,000 ms, and owing to the rise in the price of provisions, about ₹-1,500/-

a note regarding the present

The papers relating to the subject in the Genl Deptt, (which were submitted with the file by the Municipal Secretariat,) have been put into a Separate Board & Submitted.

This does not seem to have been before the Board when he recorded his order of 11/1/06

The financial condition of the Nanjanagude municipality as per budget estimates of the year 1905-06 is shown below:—

opening balance on 1st July '05	Rs 1006
Estimated Receipts for 1905-06	8470
Total	9476
Expenditure for 1905-06	8688
Estimated closing balance	788

There are loans to the extent of Rs 14000/ outstanding against the municipality. The sum of Rs 14,000 Rs includes 5000 Rs loan recently sanctioned by Govt in Pro No K 2295-6 dated 5.7.5 me 48-05-2 S.J 18/1/06

opinion (Vide note 21/11/04 in the General Debt file) The closing balance which was then Rs 1920 only, has since been still further reduced by Rs 788— a sum by no means sufficient working balance. The Board is already heavily involved. Its financial condition does not admit of its providing the recurring annual Budget for the heavy contribution of more than two thousand Rs required towards the cost of a new Dispensary building. The idea of a simple contribution was the Dewan's own. The Municipal Secretary's figures seem to show that that contribution is not impossible. However that may be, if the Board is not to be excused at last March, the requisition for a new building must ~~be~~ wait as excused in my note above

Correspondence ending with letter No. 66 d the 16th January 1906 from the President of the Municipal- ties and District Boards in the Mysore District reporting that a new Dispensary building with in-patients wards is ne-cessary at Nanjangud, that the cost of the new building is estimated at Rs.6,500, that the Nanjangud Municipal Board is unable to pay its quota viz 1/3rd of the cost owing to its poor finances and recommending therefore that it may be excused from contributing towards the dispensary building, the charge being met from the Provincial and District Funds in the proportion of 2/3rds and 1/3rd respectively.

Subd for information.

2. Letter No.2096 dated the 31st March 1906 from the Chief Engineer of Mysore stating, in reply to his office memorandum No.967c dated the 19th March 1906, that he has no objection to the Municipal contribution in question being waived and the amount debited to State Funds, that it is not likely that the full amount required for the dispensary building can be worked out before the close of the official year as an estimate for the work has not even been sanctioned, and that, if Government accord sanction to the construction of the dispensary, it is sufficient if the current year's expenditure is debited to the District Fund and that of the cost is placed at the disposal of the Public Works Department, the remaining two-thirds being provided in the next year's Provincial Budget.
